ACCOMMODATION DETAILS

The accommodation during the camp will take place at the Albergue “Casa de la Cueva”.

The Albergue “Casa de la Cueva” is situated at 8 km from the village of Peguerinos in Ávila and at 14 km from the El Escorial or from El Alto del Leon, surrounded by a beautiful pine area which forms the Regional Park of Guadarrama, it is managed by the Association 2001, as well as other existing leisure facilities in the area.

The Albergue “Casa de la Cueva” offers the following:

- 45 vacancies in rooms of four people in bunk beds
- Living room and dining room with a fireplace and a barbeque
- Heating as well as hot water by Propane Gas
- Electricity by a diesel generator

Because “Casa de la Cueva” is within the Regional Park of Guadarrama boundaries, it is subjected to environmental restrictions, such as not having electricity, which is supplied by the diesel power generator, which does not operate between 12 pm to 7 am.

For the same reason, no WI-FI connection is available and the telephone communication is done through mobile network for voice, not having coverage for data.

However, in the all the visits to the various cities, which the programme contemplates, there will normally be voice, 3G data connection (4G in Madrid), as well as free WI-FI in many establishments in the city.
